

Accessing eChart training on the LMS

1. Go to <https://manitoba-ehealth.learnflex.net> and either register for an LMS account or log in with an existing LMS account. If registering for the first time, ensure that you select the appropriate drop-down options for your primary place of work.

2. When you arrive at the LMS welcome page type **"echart"** in the search field and click **search** to locate the eChart Fundamentals course.

3. Register for the course titled "eChart Fundamentals - Online".

4. Once you have registered, the course may be launched from the Learning Plan tab in the LMS. Completion of the course will also be logged in the LMS.
5. The course will always be available for review from the Learning History tab.
6. You may begin to use eChart immediately after your training is complete. Refer to the "Launching eChart" reference guide for login instructions.
