eChart 2022

An upgrade to eChart is coming in spring 2022 with many new and exciting changes! Please share with your colleagues.

eChart 2022 benefits include:

- ✓ Replacing Internet Explorer with modern browsers
- ✓ Compatible with macOS Safari
- ✓ Configurable user preferences
- ✓ Flexible screen sizing
- ✓ No change to the clinical information

In planning for the go-live, we are busy testing and preparing training materials - videos, Frequently Asked Questions (FAQ)s, Quick Reference Guides (QRG)s, and online classroom sessions.

Stay tuned for monthly eChart 2022 updates!
