

eChart Manitoba now includes Manitoba **surgical pathology results processed by Dynacare Brampton.**

- These reports will be displayed in the Pathology List Pane.
- Pathology results processed by Dynacare Winnipeg are not included in this change.
- Collection date may be blank in addendum reports temporarily. A message will be posted on [What's New](#) once this is resolved.

Training

Additional training resources for pathology results in eChart are available at:

- [eChart Sources](#)
- [Frequently Asked Questions \(FAQs\) Pathology](#)
- [Micro Video - Pathology](#)
